

DIRECT-DRIVE HYDRAULIC MOTOR BELL HOUSINGS

Bell Housings for Hydraulic Motors Provide Assembly Convenience

Cat Pumps bell housings offer a fast and convenient way to mount hydraulic motors to high-pressure pumps in a direct-drive configuration. Bell housings are designed to accept SAE "A," SAE "B" and SAE "C" mounts to fit a variety of pumps rated to 50 gpm and 10,000 psi. Bell housings are available as individual components or assembled as a complete pump/motor assembly. Take advantage of Cat Pumps off-the-shelf service for this ultra-convenient line of hydraulic motor bell housings.

Features

- Optimal alignment reduces side-loading for longer life, and ensures trouble-free operation
- Compact direct mounting reduces the space requirement
- Cast from lightweight, high-strength aluminum alloy
- Ease of assembly reduces fabrication costs
- Slotted housing allows for easy access to coupler set screws
- Available as a complete drive package for convenient assembly

Applications

- Hydro Excavation
- Jetting
- Washdown Systems
- Street Sweepers
- Drill Rigs
- Many other applications powered by hydraulic motors

Custom Engineered Power Units

You define. We design.

Cat Pumps also offers custom engineered systems (power units) that are designed to meet your requirements. All units are factory flow and pressure tested before shipment. Complete our online Power Unit Quote Form online or call for a quote. See catpumps.com.

Design Features:

- Electric, gas, diesel, hydraulic and pneumatic drive options
- Heavy-duty construction
- Compact, streamline design
- Various control options to meet application needs
- Stationary or portable design
- Corrosion-resistant options
- System accessories

System Accessories

Maximum System Performance

Cat Pumps offers a wide range of accessories that meet the same exacting standards as its pumps. A pumping system's performance is as good as its weakest component, which is why accessory components are rigorously tested and evaluated. The goal is to provide the best system value by offering pumps and accessories that exceed performance and reliability expectations. Cat Pumps products offers the lowest possible life cycle cost.

Products:

- Pressure Controls
- Shut-Off Guns
- Nozzles
- Pressure Gauges
- Pressure Switches
- Throttle Controllers
- Pop-Off/Relief Valves
- Lances/Wands
- Pulsation Dampeners
- Inlet Filters
- Thermal Valves
- Mag-Jet and Pulsator Valve Assemblies
